Order thereon

It is observed that some of the entries in the Supplemental Budget and the Reappropriation Statement are unintelligible & they are therefore returned for correction, requiring further explanation & a final Budget embodying all the modifications made in the Budget estimates for the current year from time to time, should be submitted. In view however to facilitate the execution of urgent works admitted on hand, the items

items entered in the above
two statements will be noticed
below:—

In the Supplemental
Budget for 1894-95, a sum
of Rs 10,034 is shewn to have
been credited to D. F. out of
the sum of Rs 34000 sanctioned
as grant-in-aid from Local
Funds General for Chennagere
roads &c. But the accounts
furnished by the Comptroller
shew that no portion of the
latter amount was credited in
the D. F. accounts for 1893-94
and it is now ascertained
that the whole amount has
been adjusted in the current
year's accounts by a credit to
District Funds and a debit to
Local Funds General. The
sum of Rs 34000 will accordingly
be entered under the head
'Grants-in-aid' on the side of
receipt in the current year's Budget

3 On the side of "Proposed Reduction" in the Re-appropriation Statement is shown under a decrease of Rs 1100, ~~out of~~ the provision made for the repair of the section mahnad roads transferred to Provincial Funds. It is observed that a further Sum of Rs 6000 (3000 each on 6000 was sanctioned for the construction of the said roads The total sum sanctioned for them ~~construction and repair of these roads~~ the corresponding amount to Rs 7109 will be struck off the Budget F.

(1) Talguppa to Aralgode ... Rs ~~3500~~ 550
(2) Ankwhally to Kavoor road — 550
1100

4 ~~Adjustment~~ In regard to the Supplemental grant of Rs 23,966 applied for on account of the marginally noted roads, their total estimated cost is Rs 76.835, of which Rs 49,287 was spent up to the end of 1893-94 and Rs 7900 provided in the sanctioned Budget for the current year, leaving a balance of Rs 19,648 only

No	Roads	Amount of estimate	Expenditure: Up to the end of 1893-94	Expenditure: Estimate for 1894-95	Expenditure: Total	Balance to be provided for	Amount to now proposed

	Total	76,835	49,287	7900	57,187	19,648	23,966

only remaining to be spent on these roads. While so, it is not explained why an excess expenditure of Rs 4890 over the sanctioned estimate is proposed to be incurred on the first 3 roads. Pending explanation of the necessity for the excess expenditure proposed and the terms that may be actually required for each of these roads, the provision of Rs 23,966 will be struck out.

The Dy Coms submits a detailed list of works for which funds are needed and requests a supplemental grant of Rs 111 on account of Furniture for L. F. Dispensaries. The total amount applied for comes to Rs 7426 as shewn in the margin in abstract.

Item 1 cannot be sanctioned, as no work which has not been sanctioned should be included in the annual Budget.

orders in regard to item 2. it should be explained whether in the case of tanks irrigating lands below, any portion of the cost of roads passing over them cannot be charged to the Irrigation cess Fund.

Item 3. A large amount of Rs 3016 viz: Rs 2702 is proposed to be spent on the Travellers Bangalow at Sulekere. The necessity for such a large outlay on the repair of one Bangalow should be explained before commencing the work. If III Class Bangalows are intended to be repaired by the Revenue agency, the provision for the same should be included under "B. Public works to be executed by Revenue Dept"

Item 4 is passed.

Item 5. Before passing this item, the Dy Com is requested to state the authority under which the mucca afarkhana is

1 to state the circumstances or

is charged with Municipal House tax. It should also be reported whether all Musafankhanas and III Class Travellers Bungalows of the Dist lying within municipal limits are similarly taxed.

Item b is passed subject to the submission of a detailed bill of charges ~~actually~~ ~~incurred~~ showing the total cost of articles supplied to each Dispensary and the portions thereof debited to E.F

The proposal to transfer Rs 300 out of the allotment made for the repair of Channagiri Malebennur road to that of the Chittaldroog Benkipur road is sanctioned.

Docket, dated 14th January 1895, No. 593—61, from the Deputy Commissioner of the Shimoga District, submitting a Supplemental Budget and a Re-appropriation Statement of the Budget grant of the District Funds of the Shimoga Circle for 1894-95.

No. 16215-7—L. F. 232-93, DATED, BANGALORE, 4TH APRIL 1895.

ORDER THEREON.—It is observed that some of the entries in the Supplemental Budget and the Re-appropriation Statement require further explanation and correction. A revised final Budget embodying all the modifications made in the Budget estimates for the current year from time to time should be submitted. In view, however, to facilitate the execution of urgent works, the items entered in the above two statements are explained below :

2. In the Supplemental Budget, a sum of Rs. 10,034 is shown to have been credited in 1893-94 to District Funds out of the sum of Rs. 34,000 sanctioned as grant-in-aid from Local Funds General for Channagiri roads, &c. But the accounts furnished by the Comptroller show that no portion of the latter amount was credited in the District Fund accounts for 1893-94; but it has now been ascertained that the whole amount has been adjusted in the current year's accounts by a credit to District Funds and a debit to Local Funds General. The sum of Rs. 34,000 should accordingly be entered under the head of Grants-in-aid on the side of receipts in the current year's Budget.

3. On the side of "Proposed Reduction" in the Re-appropriation Statement, a decrease of Rs. 1,100 is shown under the provision made for the repair of the western Malnad roads* transferred to Provincial Funds. It is observed that a further sum of Rs. 3,000 each or Rs. 6,000 in all was sanctioned for the construction of the said roads. The total sum sanctioned for them thus comes up to Rs. 7,100 which will have to be struck off the District Fund Budget.

		Rs.
* 1.	Talguppa to Aralgode ...	550
2.	Arenahalli to Karur road ...	550
	Total ...	1,100

4. In regard to the supplemental grant of Rs. 23,966 applied for on account of the roads noted below, their total estimated cost is Rs. 76,835, of which Rs. 49,287 was spent up to the end of 1893-94 and Rs. 7,900 provided in the sanctioned Budget for the current year, leaving a balance of Rs. 19,648 only remaining to be spent on these roads. While so, it is not explained why an excess expenditure of Rs. 4,890 over the sanctioned estimate is proposed to be incurred on the first three roads. Pending explanation of the necessity for the excess expenditure proposed and the sums that may be actually required for each of these roads, before the end of the current year, the provision of Rs. 23,966 will be struck out :—

No.	Roads.	Amount of Estimate.	Expenditure.			Balance to be provided for	Amount as now proposed.

Local Boards Branch, Local Funds, dated 4th April 1895.

5. The Deputy Commissioner submits a detailed list of works for which funds are needed and requests a supplemental grant of Rs. 111 on account of furniture for Local Fund Dispensaries. The total amount applied for comes to Rs. 7,426 as shown in the marginal abstract.

		Rs.
1.	Works not yet sanctioned (1592+270) ...	1,862
2.	Repairing roads on two tank bunds ...	1,500
3.	Repairing Travellers' Bungalows and Musafarkhanas of which Rs. 2,702 for Sulekere.	3,816
4.	Repairing Ferry boat	132
5.	Municipal tax on account of Musafarkhana at Honnalli	5
6.	Furniture for Local Fund Dispensaries ...	111
	Total ...	7425

Item 1 cannot be sanctioned, as no work which has not been sanctioned should be included in the annual Budget.

Before passing final orders in regard to item 2, it should be explaiend whether in the case of tanks irrigating lands below, any portion of the cost of the roads passing over them cannot be charged to the Irrigation Cess Fund.

Item 3. A large amount namely Rs. 2,702 is proposed to be spent on the Travellers' Bungalow at Sulekere. The necessity for such a large outlay on the repair of one Bungalow should be explained before commencing the work. If the III class Bungalows are intended to be repaired by the Revenue Agency, the provision for the same should be included under "B Public Works to be executed by Revenue Department."

Item 4 is passed.

Item 5. Before passing this iten, the Deputy Commissioner is requested to state the circumstances or quote the authority under which the Musafarkhana is charged with Municipal House tax. It should also be reported whether all Musafarkhanas and III class Travellers' Bungalows of the District lying within Municipal limits are similarly taxed.

Item 6 is passed subject to the submission of a detailed bill of charges showing the total cost of articles supplied to each Dispensary and the portion thereof debited to District Funds.

The proposal to transfer Rs. 300 out of the allotment made for the repair of Channagiri Malebennur road to that of the Chitaldroog Benkipur road is sanctioned.

Shimoga District
Deputy Commrs Office
Shimoga 22d August 1895

To

The General Secretary to the
Government of Mysore.

Sir,

With reference to para 2 of Govern-
ment Proceedings No 2347-50 & L.F 1149-94 dated
22d June last passing orders on the
District Fund Budget Estimates of
the Shimoga Circle for 1895-96, I have
the honor to forward in original
a Memorandum with its enclosures
dated 14th Instant received from the
Executive Engineer, Shimoga Division,
which explains the circumstances
under which the transfer to District
Funds of Rupees 49,966/- expended
on the Western Malnad roads in the

Mr. Cooper District is applied for.

2. They told that the matter was again considered at the meeting of the Board on the 12th Instant, and that the Members were very anxious that the streams in the Pathalli-Kal-kuthe Road should be bridged as early as possible, as they obstructed traffic and rendered the road almost useless during the raining season. If the Government should be able to sanction the transfer as proposed, there will be some prospect of this very necessary work being accomplished soon.

I have the honor to be
Sir,
Your most obedient servant

J. Wilkinson
for Deputy Commissioner

Para 2 of Govt. Proceedings No 23247-50 / L. Dis. 149-94 of 2nd June 1895 passing orders on the Distt. Fund Budget estimates of the Shimoga circle for the year 1895-96.

In the above para, it is directed that the question of the transfer to District Funds of Rs 48,966/- expended on the Western Malnad Roads of Sagar treated as Provincial works in Govt. Proceedings No 21257 / L. Dis. 171-93-1 dt 9. June 1894 should form the subject of a separate communication

(1) Avinhalli Karur Road
(2) Talguppa Aralgode Road

2. The marginally noted are the first sections of the Sagar Western Malnad road System. The completion of the system includes the opening of a new thaut to the Western coast at a convenient point and is estimated to cost finally about Rs 5 00000/-. The forecast programme of this system was sanctioned by Govt. in Proceedings No 15430 / L. Dis. 171-93 dt 16/3/94

Roads	Estimate amount	Date of Sanction.
(1.) Avinkulli Kanch Rs	32247	17.9.92
(2.) Valagutha & Belgode "	33730	15.10.92
	00	2.12.93
	Remain 37714	

3. Each of the above roads is nearly 12 miles in length as far as now sanctioned. They were first ~~finally~~ formally sanctioned in September and October 1892 as detailed in margin from Dist. Funds. Up to the close of the year 1893-94, Rs 54444/- was expended on them. But there being no funds at the credit of the Board in 1893-94 to meet the full outlay of the year, Govt ordered in the Proceedings quoted in para 1 above, that the roads should be treated as Provincial works. Accordingly the excess outlay over District Fund Budget appropriation of the year viz Rs 5478/- was transferred to Provincial Budget leaving Rs 48966/- as total debit to Dist. Funds from commencement of the works up to 1893-94. The works are now being completed from Provincial Budget grants

4. In the accompanying statement will be found the large number of original Dist. F. works carried out during the past ten years; utilizing the accumulated savings of previous years, until at the beginning of 1893-94, the estimated balance was a debit balance of Rs 39777/- Government

2 Hthen reduced the grants for sanctioned works besides striking out provision for new and very necessary works - vide para 19 of Proceedings No. 18026-30 / L. Dt. 107.92 (orders on Budget for the year 1893-94).

5. The reduction of the grant for sanctioned works having necessitated a special reference to Government, a grant-in-aid of Rs. 34 000 /- was granted to complete the Cheruvayur + Kunnamkulam system of roads, besides transferring the Sagar Mulvad System to Provincial Budget (Proceedings quoted in para 1). Thus while the sanctioned works were fully provided for, other more urgent and necessary works as detailed below had to be excluded from the Budget even for the year 1895-96 for want of funds

Sulthan Bathery Road (Cheruvayur Malabar Hill Road in 3 sections) 333

Improvements to Road Surface.

6. The old Dist. Fund Roads in the Mulvad Taluks of the District are soft and heavy during the monsoons. In many parts, gravel obtainable being only of laterite, the surface of the road can only be maintained with metalling, in a fairly trafficable order at all seasons of the year. The small mileage grants for annual up-keep do not in most cases allow of costly repairs and recoats with metal. Of the roads requiring

metalling only very urgent and heavy parts of 4 important roads are provided for in the Budget for 1895-96 with but small allotments, funds at credit being limited. There are other roads to be metalled but not provided for.

7. Large streams on the marginally noted roads are not unbridged. The first two besides being feeders to the Agumbi and Hulikal ghats are also important branches of the trunk lines communicating with the inland trade centers. Bridge

Anantapur Thirthully Road.
do Kallurkatte Road.
Honnalli Shikarpur Road.

8. The marginally noted roads are partially opened and their completion is delayed as funds are not available. Anantapur Shikarpur Road was opened during the year 1888-89 up to Ambligolla 7 miles from Shikarpur. Its completion up to Anantapur will be nearly 10 miles long and will cost without large bridges about Rs 14000/- Lavampur Mavinkar road will not only tap the Arecanut growing District of Sampekatte of Nagar Taluk New Roads.

Anantapur Shikarpur Road.
Lavampur Mavinkar Road.

but

but also useful for gentlemen availing of the sanitorium on the Kodachadri Hill. The road is 8 miles long and only its difficult parts are improved by diversions at a small outlay of Rs 1600/-. Much work yet remains to be done in completing the formation and gravelling. Streams on the line can be served by easy ramps and inexpensive log tunnels.

Accommodation for travellers

9. There are yet several places in the District where Musaferkhanas are necessary. The more urgent of these were provided for in the Budget of 1893-94 but struck out. Since then it was not possible to provide for them again. The places in which such accommodation was found necessary by the members of the board are noted in margin.

Ballûr - ~~both~~ between	Honnalli & Shikarpûr
Kallûrkatte -	Dalvk Head Quarters
Agumbi -	Head of Ghaut.
Ambligola -	between Shikarpûr & Anantapûr
Yedûr -	between Hirekuntli & Hirekal.

Each year, one Musaferkhana is being provided for in the Provincial Budget as funds permit and with a similar provision in the Dist.t Fund Budget the requirements of the Distt will be

served

served at an early date

10. From the above it will be seen that owing to paucity of funds, provision for works had to be curtailed in later years. In the Malnad, the unbridged streams effectually cut off inter communications and difficulties of travelling are great with a heavy and soft road. Under these circumstances the Board in Resolution VII of the Proceedings of 25th February 1895 solicited the transfer from Provincial to Dist. Funds of Rs. 48966/- expended on the Sagar Malnad Roads up to year 1893-94.
